

***eLighting™ for Niagara AX™ – See it demonstrated live on the Vykon booth 3418!***

*eLighting™ for Niagara AX™*, the Open Standards solution providing web based direct and seamless commissioning, control and management of **DALI®** Open Standard lamps, will be presented and demonstrated in **VYKON®** at Booth 3418.

Electronic System Services Inc. (ESSI) has been appointed as CNS's first US **Certified eLighting™ Partner** and will be available at the Vykon booth to discuss clients' interest, Tridium Partners' requirements and demonstrate *eLighting™*.

Tridium staff will also be on hand to explain *eLighting™* and will be presenting it at various events within AHR.

We strongly recommend you make an appointment to discuss your *eLighting™* requirements and applications, ahead of the show by contacting the following:

Mark Robbins, Director of Sales and Marketing for ESSI
